Due to the hand-crafted nature of many items (and variations in vendor-supplied ingredients) we cannot make a guarantee regarding the allergen content of an individual menu item. Guests with a special food sensitivity or dietary need should not rely solely on this information as the basis for deciding whether to consume a particular menu item and are individually responsible for ensuring that any such menu item meets their individual dietary requirements.

Gluten-sensitive items are modified to be made without gluten-containing ingredients. These kitchens are not free of gluten and thus cross-contact of gluten-free items with other food items that contain gluten is often possible.
